

Easter Trail – Latitude and Longitude

Can you find the co-ordinates of the Easter eggs using latitude and longitude?

Have a go at this challenge task!

Be careful, not all of the lines have been labelled!

If you finish, name the continent or ocean each egg can be found in.

1)	30° __ , 30° __	2)	__° N, __° E	3)		4)	
5)		6)		7)		8)	
9)		10)		11)		12)	

Remember to start at the point where 0° latitude and longitude meet.

Write the latitude (N or S) first and then the longitude (E or W).
