

Literacy- World Book Week.

Dreamer by Brian Moses & Bee Willey

(a book about a world where we all care for each other, for animals, plants and places)

Tuesday 2nd March

I dreamt I was a stream...
and nobody
poisoned me.

I dreamt I was a lake...
and no one filled me
with junk.

Tuesday- Sea Pollution Activity

Pollution is anything which is introduced into an environment that causes harm. For example, abandoned nets that animals can get caught in, oil leakages cause huge amount of damage and waste products from plastic is very dangerous.

Can you set up your own mini ocean with lovely clean water?

Add some rubbish and black food colouring/paint to represent oil/ sewage.

- How different does your mini ocean look after the pollution has been added?
- Can you talk to your grown up about how rubbish and pollution might hurt fish and other marine life? Where have you seen rubbish/litter recently?

Another idea is to set up a beach scene and then add pollution to the sea and shore.

- Can you make your own beach scene and then add pollution to the sea and shore... what has happened?
- Can you talk to your grown up about each picture... what has happened to the fish in the second picture?
- Where do you put your rubbish when you are finished with it?
