

## English

Our reading text is: The Graveyard Book by Neil Gaiman. In writing, we will be writing flashback stories based on the short film 'The Piano'. We will then be doing some persuasive writing based on the fantasy world of 'Pandora'.

## Science

Pupils learn about the circulatory system and focus on the heart and its structure. They will explain how the heart works as well as how diet and exercise have an impact on our health.

## French

A l'ecole: children will learn to discuss which lessons they like and dislike.

## Maths

We will be exploring shape through area, perimeter and volume as well as looking at angles and linking our work on percentages to pie charts. Finally, we will be getting to grips with some simple algebra and data handling We will be revising for the KS2 SATs too.

*Ellington Primary School*

# YEAR 6

# CURRICULUM MAP

## SPRING TERM 2

## Geography

We will learn about renewable and non-renewable energy sources, where they come from and their impact on society, the economy and the environment.

## Design & Technology

To design and make apparatus for a playground. We will then evaluate our designs to see how successful they have been.

## PSHE

We will continue our work on safety and the changing body then move onto our unit of work regarding citizenship.

*Believe and achieve*

## Music

The children will continue to work with Mrs Richardson on songs during our whole school singing practise.

## Computing

E-Safety: Health, well-being and lifestyle and in our main lesson, we will be looking at webpage Creation, considering copyright, aesthetics and navigation.

## PE

Year 6 will be learning about two kinds of invasion games: tag rugby and basketball.

## RE

What do Christians believe Jesus did to 'save' people? We will be exploring the death of Jesus and using theological terms.
